

REMARKS

Claims 46-64 are active in the present application.

Applicants have now submitted a substitute Sequence Listing and a corresponding computer-readable Sequence Listing to correct the sequence shown in Figure 1C (SEQ ID NOS:7 and 8). The sequence information recorded in the corresponding computer-readable Sequence Listing is identical to the paper copy of the substitute Sequence Listing. Support for all of the sequences listed in the substitute Sequence Listing is found in the present application as originally filed. No new matter is believed to have been introduced by the submission of the substitute Sequence Listing and the corresponding computer-readable Sequence Listing.

Applicants submit that the present application is now in condition for allowance. Early notice of such is earnestly solicited.

Respectfully submitted,
